

The Yacht Club of Hilton Head Island, located adjacent to Palmetto Bay Marina is searching for an independent contractor/chef/caterer to prepare and serve dinner on Friday nights and a few “special occasions”.

The number of dinners will vary between 30 and 50 on any given Friday. The number will be established at least two days prior to the dinner because we secure reservations.

The meals are to include an appetizer, salad, entree (or two), vegetable, starch and dessert. The meals are to be set up buffet style and will be paid to the caterer per diner.

The food may be prepared on site using the Yacht Club’s kitchen, utensils, and dishes. Or, alternatively, the meals may be prepared in the caterer’s facility and transported to the Yacht Club. Whichever the caterer chooses, they will be expected to remain on site to supervise the process.

Should the caterer choose to use the Yacht Club’s kitchen, utensils, dishes etc., the caterer will be responsible for their cleaning and restoring them to their original location.

If you are interested in exploring and discussing this opportunity further, we would like to meet with you at a mutually convenient time when we can provide further details and give you a tour of the Club.

Please send an e-mail with your name and qualifications to: hhiyachtclub@gmail.com
Thank you.
