Who is the Yacht Club of Hilton Head Island?

The Yacht Club of Hilton Head Island was founded in 1971 and is the oldest yacht club on the island.

Members are from all walks of life and we share a passion for being on the water and the laid-back life style. We are a boating club and a social club. We are a volunteer club.

The primary purpose of the club is to provide activities to members that are fun and enriching. We do this by providing a variety of boating activities and a dynamic social calendar.

Power boat members have a lively schedule of taking members to different destinations usually for lunch during the boating season. Destinations include Beaufort, Tybee Island, Savannah and Dawtaw Island.

Sailboat members have a Flying Scot racing schedule in the spring and fall. Members with larger sailboats often take members out sailing for a day on the water.

Members are good neighbors on the water and on land. We care about the environment of our waters. We are involved in our community. During the holidays the club collects food and donations for Deep Well and other activities.

We are grateful to live on Hilton Head Island and to enjoy our special waters.

You need not own a boat to be a member
